LOCATION DEDUCTIBLE ENDORSEMENT

With respect only to coverage provided by this endorsement, "your" policy is amended as indicated.

The following section is deleted and replaced by the following:

G. DEDUCTIBLE

The amount of the Policy Deductible is stated in the Declarations of the policy. The Policy Deductible will apply to the loss, unless a different amount is required by endorsement to the policy.

For any one occurrence, a separate Policy Deductible will be applied under all coverages for each "insured premises" described in the Declarations. The loss sustained to each "insured premises" will be separately calculated, and the Policy Deductible will be subtracted from the total amount paid for the loss incurred at each location.

If items of personal property are damaged in a covered loss at an "insured premises", "we" will apply only one Policy Deductible to all damaged items of personal property and for damage to the dwelling.

All other terms and conditions of this policy apply.
